MEETING OVERVIEW

The meeting introduction was presented by Alan Black, Director, Engineering Division of Harris County Flood Control District (HCFCD). The introduction included information on HCFCD’s purpose, jurisdiction, and the 2018 Flood Control Bond.

Information about the Little Cypress Creek Frontier Program was presented by Erwin Burden, Program Manager, and included the Master Drainage Plan, funding details for the program, and benefits of the program. Individual projects within the Little Cypress Creek Frontier Program were presented. The projects presented were Bauer-Hockley Stormwater Detention Basin L514-01-00 - Bond Project F-35, Kleb Woods Stormwater Detention Basin L512-01-00 - Bond Project F-33, Schiel Stormwater Detention Basin L500-09-00 - Bond Project F-30, and Zube Stormwater Detention Basin L500-01-00 - Bond Project F-27. The project information presented included the location, size, schedule, and budget for each basin.

COMMUNITY INPUT

Twenty-three comments were received online and no comments were received at the meeting. Topics of discussion among the public and HCFCD at the meeting, and of online comments received included:

- Schedule for completion of the detention basins
- Expected benefits of each basin
- Expected benefits of master plan
- Environmental impacts
- Effect on nearby property values
- Information on fees paid by developers
