Signs

### Meeting Overview

The Harris County Flood Control District provided attendees with a presentation and the opportunity to ask questions about the Greenbriar, Buffalo Speedway, and Stella Link Bridge Reconstruction project. The meeting was held at St. Vincent De Paul Catholic Church on Wednesday, July 10, 2019 from 6 p.m. to 8 p.m.

As a part of Project Brays, these bridges are to be reconstructed in an effort to reduce flooding along Brays Bayou. Both the Greenbriar and Buffalo Speedway bridges will be demolished and replaced with higher, longer and wider bridges which will allow for a larger volume of water to flow under more freely. The Stella Link Bridge will be extended by 50 ft on the south side of the bridge to increase channel capacity.

### General Information

#### Date and Time:

July 10, 2019  
6:00 p.m. – 8:00 p.m.

#### Location:

St. Vincent De Paul Catholic Church  
6800 Buffalo Speedway  
Houston, TX 77025

### Community Input

- Concerns about hiking and biking trails being open during construction
- Requests to make sidewalks wider with a higher railing to increase pedestrian safety
- Concerns about traffic coordination during lane closures
